WERE TO ACT ON DURABLE ROADS

County Commissioners Had Before
Them Proposition of Picking
Two Out of Three

ONLY TWO CAN BE BUILT

Estimate on Rigsbee Road Was too
High and Preliminary Steps
Must be Taken Again

The county commissioners at a late hour this afternoon had not yet acted on the reports of the viewers for the three permanent highways in Rushville township, but it was expected that First street would be taken up before the meeting adjourned. It was certain that the commissioners would be in session again tomorrow. The viewers on all three of these roads—First street; the Frank Green, et al., highway and the Frank Capp, et al., road reported favorably, ordering brick for First street and concrete on the other two.

The action of the commissioners was looked upon with great interest. There is not enough money to build all of the roads, but there is enough to construct two of the roads and it is a question as to which ones it will be.

This was also the date set for receiving bids on the Albert Rigsbee road in Posey township. No bids were received and the road will have to be viewed again and bids re-advertised. It is understood that the estimate on the road was too low. The road is about three miles long and is to be constructed of gravel.

The petition asking for a road between Posey and Ripley townships was read and approved. This road is known as the Charles Winslow highway. Sam Young and Charles Owens were appointed viewers and Adolphus Cameron, county surveyor, engineer. The viewers are to report May 20.

IRISH REBELLION IS NOW HISTORY

English Troops Canvass Dublin Systematically Searching For
Arms and Ammunition

SUSPECTS ARE ARRESTED

By WILBUR S. FORREST
(U. P. Staff Correspondent.)

Dublin, May 1.—Irish rebels who were holding St. Stevens Green surrendered to the government forces last night. About 450 others entrenched in the central part of the city laid down their arms at the foot of Parnell monument.

Government forces now occupy Four Courts, the last portion of the downtown district to be surrendered by the rebels. The seven-day Irish rebellion passed into history today.

Troops were making a systematic canvass of the city today searching every house for arms and ammunition and arresting suspects in houses where rebel uniforms are found.

Notice of the death on April 16, at Plymouth, Ind., of Elizabeth Stockman Snyder, who was born here September 15, 1854, has been received by relatives in Rushville. She was a cousin of Mrs. Theodore Friend and Mrs. Sarah Guffin and was related to the Casady family. Mrs. Snyder visited relatives here last fall. She is survived by the husband, a sister, half-brother and niece.

FINAL DAY IS THE BUSIEST

Treasurer Has \$32,031 in Taxes to
Collect Before Tonight

The final day of the spring tax paying season witnessed the busiest day of the entire period at the treasurer's office. A total of \$32,031 was to be collected today in order to clean up the duplicate. It was not expected that all of the tax would be paid but it was believed that the sum would come close to the estimate. The total collected Saturday was \$24,700. The office will stay open tonight until nine o'clock and all taxes unpaid at this time will go delinquent.

CARPENTER BOY LIKELY TO RECOVER

Although Badly Injured Alighting
From I. & C. Car, 16-Year-
Old Youth Will Get Well

"BEATING" HIS WAY HOME

Clarence Carpenter, the sixteen-years-old son of Mr. and Mrs. Ernest Carpenter, 919 North Sexton street, was badly cut and bruised about the head and shoulders Saturday night in a fall from an I. & C. car near the corner of Seventh and Jackson streets. The boy boarded the eleven o'clock west-bound car at the C. I. & W. crossing, getting on the "closed" side intending to "beat" his way to Sexton street, which stop is close to his home.

Young Carpenter mistook Jackson street for Sexton street and jumped from the fast moving car. He was thrown with such force that it was impossible to keep on his feet. The boy was rolled for some distance on the hard street. His screams attracted the attention of the neighbors and assistance was soon coming. It was found that his hands, head, face and neck were badly cut. One cut over his right eye required three stitches. Besides the cuts the boy is badly bruised, but it is not believed he is hurt internally and will recover unless unforeseen complications arise.

MRS. S. B. ANDERSON DIED THIS MORNING

Expires at Her Home South of the
City Today Following a Prolonged Illness

SEVEN CHILDREN SURVIVE

Mrs. Lola Anderson, 54 years old, wife of S. B. Anderson, a widely known and highly respected resident died this morning shortly after ten o'clock at her home south of the city, following a long illness from a complication of diseases. Mrs. Anderson had been in a serious condition for some time and while her death was expected it nevertheless came as a shock to a large circle of friends and relatives.

Mrs. Anderson is survived by her husband and seven children, Mrs. Alfred Senour, Samuel Anderson, the Misses Jessie and Mary and Esther, Robert and Lucien Anderson. She is survived by her mother, Mrs. S. A. Bartlett of Milroy and two sisters, Mrs. L. B. Miller of this city and Mrs. W. D. Root of Piqua, Ohio. The funeral arrangements have not been completed.

HOOSIERS TO GET ENOUGH ORATORY

Washington Advices Are That Watson and Taggart are Promised
Support for Campaign

BOTH IN WASHINGTON NOW

Opposing Candidates For Senator
Are Occupying Quarters on Same
Floor of Same Hotel

Washington correspondence to the Indianapolis Star today says that James E. Watson of this city and Senator Thomas Taggart, opposing candidates for the short term senatorship from Indiana, will draw down a good share of orators for the campaign.

The state of Indiana will be entertained this year with an oratorical campaign such as even that pivotal state has seldom witnessed, says the dispatch.

Leading speakers in the national arena who are allied with the opposing political parties are promising Senator Taggart and James E. Watson that they will "shell the woods" in Indiana when the time comes for the oratorical fireworks.

The fact that two United States senatorships are at stake and that the electoral vote of the state might turn the presidential balance will make Indiana a leading oratorical battle ground. The "big guns" of both parties will be turned loose in Hoosierdom.

Mr. Watson and Senator Taggart have both been given assurance of an abundance of help in Indiana. Taggart and Watson are occupying quarters for the present on the same floor of the Willard Hotel, Watson having room 907 and Taggart suite 901. Since Taggart returned from Indiana yesterday he has received voluntary offers from friends in both branches of Congress, who say they are anxious to take the stump for him.

This is the first visit Watson has made in Washington since his nomination for the senatorship.

Senator Warren G. Harding of Ohio, who will be temporary chairman and keynote orator of the Republican national convention; Senator William Alden Smith of Michigan are among those mentioned by Watson as prospective speakers in Indiana. Senator Townsend's appearance, however, will depend upon the condition of his wife's health, which at present is not satisfactory.

"Uncle Joe" Cannon, who has always proclaimed Watson as "his boy" will not be a figure on the stump in Indiana this year, as expected. He would dearly love to cover the state in a speaking campaign for Watson, but his age forbids. He will be 80 years old next Sunday.

This evening Watson and Representative Will R. Wood of Indiana were guests of "Uncle Joe" at luncheon at his home on N street.

SPENDS MONEY HERE.

Pittsburgh, May 1.—With authority to spend a million dollars, N. C. Chu and Gee Sing Sam, Hongkong brokers, arrived in Pittsburgh today to buy tools, hardware and builders' supplies for use in China.

Because of the war, it is said, China has been unable to get needed steel goods delivered. It is believed one of the reasons for the mission of the Chinese is to secure contracts direct that will carry better delivery accommodations.

LOOKS LIKE MORE HARD WINTER YET

Just When May Comes in Seasonable

Weather Man Creates Gloom
With Prediction of Frost

MUCH LOWER TEMPERATURES

Fruit Crop Will Not be Damaged
Much, Because it is Late, Corn
Planting to be Started

It looks today like May will be another hard winter month. The month of flowers had no more than a very seasonable entrance until the weather man spoiled prospects of some balmy spring days with a prediction of a big drop in temperature and severe frosts tonight. He does not lessen the gloom any either, when he says "fair tomorrow and continued cold."

Just what a hard frost will do with spring vegetation as far along as it is was said today to be very problematical. Fruit growers were not figuring on any more frost this year. Had a frost come as late as May 1 last year, the fruit crop would have been materially lessened, but it is doubtful whether great damage will be done now because the crop is so late.

Thanks to cool weather prevailing during the month of April, the fruit trees have been late in blossoming this year. The same thing is true of the flowers. May flowers will come in May this year and not in April as last.

There was prospect today of some corn being planted this week, providing there is not too much rain. This time last year some corn had been in the ground a month, but last year a very unusual condition prevailed because of the warm weather the latter part of March and in April, Spring plowing has been delayed by the excessive rainfall of the month just closed and many farmers are not yet ready to plant corn. Lots of corn will not be planted before the middle of the month, it is said.

Some farmers estimate that the wheat acreage will be smaller this year. They attribute this to the fact that much of the corn blew down last fall and farmers could not get into the fields to sow.

The poor germinating qualities of the oats last season is one reason for a possible shortage this year. During threshing season last year an overabundance of rainfall caused much of it to sprout in the shock. Some farmers are afraid to plant oats and are planting corn instead.

Pasturage is very late in all parts of the county, due to the cold and rainy weather of April. Old clover fields and alfalfa have been injured by the frosts. In some places it is feared the clover will not take root again.

BAD DEEDS GIVEN

Kokomo, Ind., May 1.—The trial of George Dilon and James F. Kessler charged with obtaining money under false pretenses was on the criminal docket for today. They are alleged to have defrauded Thomas Malaby out of several hundred dollars by giving him a spurious deed for lands in the west for a stock of merchandise in this city.

CHEAPER TO PAY RENT
St. Paul, Minn., May 1.—It's going to be cheaper to pay rent than to move, in St. Paul, after today. Transfer men materially raised the transfer rates on all subjects. It's "on account of the war," they say. Harness and other equipment has been advanced in price by the war, say the transfer men.

A SIGNIFICANT REMARK

Germany's Reply Will Probably be
Handed to Gerard Tuesday.

(By United Press.)

Washington, May 1.—German's reply to the American submarine note probably will be handed to Ambassador Gerard tomorrow evening, according to opinions expressed at the German embassy today. It is believed the note will deal only with the principle involved in the discussion and that the specific cases in which the right of Americans were involved will be left for future settlement. Once the matter of submarine conduct is settled, the question of disavowal and reparation to be made for the loss of American life and property can be easily arranged, embassy officials believe.

MAY TERM COURT IS OPENED TODAY

Judge Calls Docket And Time is
Taken up Making Issues in
Several Cases.

JURY CALLED FOR TOMORROW

The May term of the circuit court opened today. Judge Sparks called the docket and most of the day was taken up with argument and making up of the issues in several cases.

Most of the day was taken up with an argument on a demurrer to the complaint in the suit asking for the removal of Oscar Stewart as administrator of the estate of the late Riley Stewart. It was contended that Oscar Stewart could not act as administrator because he is the administrator of the estate of his mother and has an interest in both estates. Judge Sparks took the questions involved under advisement.

In the case of Arsula Curry against Walter E. Smith for money had and received, the plaintiff filed a motion for a change of venue from the county. No action was taken on the motion. The jury is called for tomorrow, but will not likely be needed.

EDUCATIONAL DAY LEFT TO COMMITTEE

Which Met This Afternoon

JAMES MILLER IS RE-ELECTED

James Miller was re-elected attendance office this afternoon by the county board of education. Mr. Miller had no opposition and his election was forecasted last week. No date was named for the annual educational day exercises. This was left with a committee composed of J. V. Young, H. M. Nash and C. M. George with power to act.

It was also decided that suitable medals will be awarded pupils with perfect school attendance records. It is not yet known whether there are any pupils with a perfect record.

Mrs. Mary A. Schropshire, who has been ill for some time, is not so well today.

A marriage license was issued Saturday afternoon to Chase S. Boyd and Laura B. Houchins.

WILSON NOT TO WITHDRAW MEN

Definitely Announced at Washington

That Troops Will Remain in
Mexico For Present.

FOLLOWS MANY CONFERENCES

Instructions Emphasize Previous Instructions Not to Treat on Subject of Withdrawal.

(By United Press.)

Washington, May 1.—The administration does not intend to heed General Obregon's suggestion for withdrawing American troops from Mexico. This was learned definitely here this afternoon.

New and more elaborate instructions than heretofore given went forward to General Scott, following a conference between President Wilson and Secretary of War Baker and another session between Secretary of State Lansing, Counselor Polk and Secretary Baker. The instructions are understood to have emphasized previous orders to Scott not to treat on the subject of withdrawal. Scott will again emphasize the need for cooperation.

It was officially stated that the troops are not now to be withdrawn. This means that the government is determined to pursue its plans for breaking up Villa's band.

Baker called at the white house following receipt of a message from General Scott asking instructions as to how far he could go in his next talk with Obregon. Secretary Baker received his instructions from the president quickly. They were not in conference more than ten minutes.

Funston Says There Will be More

El Paso, Texas, May 1.—General Funston stated shortly before noon today that there probably would be no session of the Mexican and United States conferees today.

Funston dropped a significant remark when told that three correspondents returned from the front today under the impression there would be no more big stories.

"I think they are mistaken," said Funston.

MAKING OPPORTUNITIES

Opportunities come to those who make them.

This is especially true in business and a mighty good thought for today.

We are now in an era of expansion.

Factories are driving hard. Labor is in demand. Incomes are rising.

Today holds the opportunity of a life-time for the man who will make it.

Particularly does this go for the man with something to sell. People are in a buying mood. Business is ripe. The man who sees this is going after it. He is advertising, as the columns of this newspaper will show, and he is getting results.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that clogs the system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

WITHDRAWS ART COLLECTION

Morgan Takes Valuable Miniatures From the Metropolitan Museum of Art Today.

BEEN THERE FOR TWO YEARS

Feared That Continual Light Will Hurt the Colors—Gathered From All Over the World.

(By United Press.)

New York, May 1.—The \$2,000,000 Morgan collection of miniatures is to be withdrawn from the Metropolitan Museum of Art today. It has been on exhibition for the last two years.

It is a representative collection, containing, with only a few exceptions, of the work of the best miniature painters from the time the work became a method of independent portraiture down to the middle of the last century.

It has been for some time feared by Mr. Morgan that too long a continuous exposure to the light would result in deterioration of the colors of the miniatures.

The collection dates back to the 15th century and was gathered together by the late J. Pierpont Morgan, over a period of many years, during which he ransacked the world for the little treasures.

A miniature of Mary Queen of Scots is by an unknown artist, painted when the Queen was 23. It is in the original frame of carved oak with the "C. R." of Charles II to whom it at one time belonged. There is a miniature of Phillip II of Spain, by Isaac Oliver, in a rock crystal locket, enameled on both sides, and among other portraits by the same artist is one of Queen Anne of Denmark, one of Sir Phillip Sidney, and there are five miniatures of Robert

Devereux, Earl of Essex, one of the later favorites of Queen Elizabeth, Peter Oliver, son and pupil of Isaac, is represented in the collection with a reproduction of the "Marriage of St. Catherine," supposed to be one of the copies of pictures in the royal collection at Whitehall, which he reproduced in miniature by order of Charles I.

Director Edward Robinson signed the statement issued from the museum announcing the withdrawal of the miniatures.

CHARLES J. MURPHY STEPS DOWN TODAY

Edwin Corr. Who Sought Judgeship Nomination in Convention, Goes to State Commission

ISAAC K. PARKS REFUSES

(By United Press.)

Indianapolis, May 1.—Charles J. Murphy retired today as a member of the state public service commission. Murphy resigned at the request of Governor Ralston after the latter had been told that charges of improper conduct would be filed against the commissioner.

Coincident with the resignation of Murphy Governor Ralston announced the appointment of Anthony Deahl of Goshen, a lawyer, to fill the vacancy. Although the governor stated he had received from Deahl a verbal acceptance of the appointment word came from Goshen within a few days that Deahl would not accept, owing to a desire to continue his law practice and because of ill health in his family.

Closely following this word from Goshen, Isaac K. Parks of Mishawaka became active, seeking appointment to the commission.

Edwin Corr, Bloomington lawyer, took up the duties of commissioner where Murphy left them, having been appointed by Governor Ralston when the latter received definite word from Anthony Deahl that he would not accept the appointment.

REAL ESTATE SALE CITY RESIDENCE 388.58 ACRES

The undersigned commissioners appointed in an action for partition of the real estate of Daniel Brown, late of Rush County, Indiana, deceased, wherein Dean Travis is plaintiff and John M. Brown et al are defendants, to sell the real estate described in the complaint in said cause filed in the Rush Circuit Court, will on

Saturday, June 3d, 1916

at one o'clock p. m. of said day and from day to day thereafter until sold, offer for sale to the highest and best bidder, the following described real estate in said county of Rush, State of Indiana, to-wit:

The southwest quarter of Section 10; also the south half of the northwest quarter of said Section 10; also the southeast quarter of said Section 10, except the following tract: beginning at the northwest corner of the said southeast quarter of said Section 10, thence south 25 poles, thence east 160 poles to the east line of said Section, thence north 25 poles to the northeast corner of said quarter, thence west on the north line of said quarter to the place of beginning; all of said real estate being in Township 13 north, Range 9 east and containing 388.58 acres. Also Lot No. 276 in Payne, Reeve and Allen as trustees addition to the city of Rushville.

At the law office of Sam. L. Trabue, Rushville, Ind.

This real estate consists of residence property at 820 W. Eighth St., Rushville, Indiana, and 388.58 acres of exceptionally good, level, agricultural land, sufficiently undulating for excellent drainage, which is provided by two large tile drains crossing each tract, and sufficient laterals. It is equipped with two complete sets of farm buildings, is well fenced and is supplied with excellent water by three deep water wells. This is burr oak, poplar and sugar tree land, and is very productive of all kinds of grains and grasses. It is all under a high state of cultivation except about 35 acres of woodland, part of which is on each tract and part of which is well set in blue-grass. By judicious crop rotation, clover growing and fertilization this land has retained a very high degree of fertility, as is evidenced by the fact that administrator's sale amounted to \$15,500.00 in addition to grain feed and a \$2,500.00 wheat crop. No open drains. No waste land whatever. This land is located 4 1/2 miles southwest of Rushville on first class highway, in active producing natural gas belt, convenient to church and schools and near a high tension electric supply line from which power and light may be obtained. Community highly intellectual and progressive. Will be sold in tracts ranging from 81 acres to 140 acres or all together.

TERMS—One-third cash, one-third in 12 months and one-third in 18 months with option of paying all cash. Deferred payments to be evidenced by purchasers note bearing 6 per cent per annum interest from date and secured by first mortgage upon the real estate sold.

I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—“I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say ‘Why do you look so young and well?’ I owe it all to the Lydia E. Pinkham remedies.” —Mrs. ROBT. STOPIEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

Clean-up Week.

Today Clean-up Week got started. It is no new thing with Rushville. Although it has ceased to be a novelty, Rushville still takes pride in scrubbing and cleaning up, and occasionally spreads a little paint here and there. The annual cleaning-up takes place without the usual “hip, hip hurrah” that accompanies the special occasion in many other places, but it is doubtful if any place does the job any more thoroughly than does Rushville.

This city has been holding its annual clean-ups for ten years and never once has the interest lagged. The city has always co-operated with the people by hauling away free of charge the accumulation of the winter. One very praiseworthy feature started by the present city administration is the sanitary inspection by the city health board after clean-up Week to make sure that the edict has been followed. The follow-up of the health officers makes it certain that the clean-up with not be any mock affair.

This leads to the thought that health first is the thought embodied in the spring custom that is followed in the majority of Indiana cities. This the thought that is uppermost in a creed for Clean-Up workers which has been written by Dr. William DeKleine:

I believe in the doctrine of “Health First,” in the doctrine that health is fundamental to the attainment of the highest personal and social freedom. Hence I believe in health laws and in all agencies that work for the promotion of public health. I believe that every individual should look upon the conservation of his own health and of his neighbor's health as a sacred moral duty, that every community should look upon the presentation of public health as one of the main functions of its corporate life.

I believe in a clean city, a clean community. I believe in clean streets, clean alleys, clean premises, safe sewage disposal systems. I believe in clean stores, clean markets, clean factories, clean offices.

I believe in pure air, day and night. I believe in deep breathing in the open air. I believe in sleeping seven or eight hours every night with windows wide open, winter and summer.

I believe in clean food, clean milk, clean water. I believe in eating slowly and moderately. I believe that milk and water are the only beverages that are useful in the preservation of my health.

I believe in bathing frequently and in always washing my hands before meals. I believe in clean clothing, clean bodies, clean surroundings, cleanly personal habits.

I believe in daily bodily exercise and in daily mental recreation.

I believe in the home as the place where the principles of “Health First” can most effectively be taught. I believe in cleanly fathers and mothers, in cleanly children. I believe in clean thoughts, in wholesome home enjoyments, and in everything that tends to make the home a unifying force for health and happiness.

I believe in the doctrine of “Health First” because I believe it will tend to promote the uplift and betterment of the race.

And Villa grins!

But don't forget your screens.

SWISS SYSTEM IS PRACTICAL

Idea is to Train Men How to Fight if Needs be But Nation is Leace Loving.

NOT SOLDIERS IN PEACE TIME

Some Things About it That Americans Would Not Like—Boys Get Real Military Training.

Note—This is the first of a series of five articles by Shepherd dealing with the Swiss system of military training for citizens in its relation to the possibilities of a similar system in the United States.

BY WILLIAM G. SHEPHERD.
(U. P. Staff Correspondent.)

Berne, May 1.—The men of Switzerland aren't soldiers, in peace times.

They are only citizens who know how to be soldiers if they have to.

The United States doesn't need 4,000,000 soldiers. What it DOES need is 4,000,000 men who know how to BE soldiers, in case the need arises.

“I had a boy in college,” wrote the father of a young British soldier. “One day he ran off and enlisted in a London foot regiment. After three months' training his regiment was sent to Flanders. He was killed at Ypres. I am telling you this to help you preach the gospel of compulsory training, not conscription.”

“I am grieved and proud about my boy. But I feel that his regiment did not have a sporting chance. They only knew How to Go and Die I feel that the men in England who oppose compulsory military training are guilty of a greater felony than those who sank the Lusitania.”

This is the sort of feeling I find, this feeling expressed by his father, that brought about compulsory military training in Switzerland.

Here in Switzerland where, under the marvelous system of military training, a faith of a million of the finest soldiers in Europe were placed on the frontiers of their country to guard them before the first shots at Liege had died down, you get it driven into your American mind that compulsory military training isn't intended to create soldiers. It's purpose is to create a nation of fine, strong young men and hale, hearty old men who will know how to BE soldiers if an enemy forces them to play that role.

The Swiss aren't fussy, they don't love fighting. All these years of learning how to be soldiers, if the need comes, has taught them that fighting is no picnic and that it doesn't pay to start a row just for the sake of rowing.

The Swiss are not a fighting nation, like the Serbs, for instance and yet, man for man, the Swiss army is the equal of any army in the world. Every citizen in the ever-fighting Balkans is a soldier; a potential killer. That's one of the troubles with the Balkans. But every citizen of Switzerland, because of his scientific training, is a citizen who'll be a soldier ONLY when some enemy drives him to play that role.

That's the big reason Switzerland is at peace today.

It would cause an upheaval in the United States to put the Swiss military system into effect there. In fact we couldn't transplant it in its entirety.

There are some things about it that Americans wouldn't like. One of them is the little blue book.

HUNDRED LEADING HOOSIERS

Edward Eggleston (1837-1902.)

Edward Eggleston, author, clergyman, journalist, was born in Vevay, Ind., on December 10, 1837. His attendance at school was very limited, but he had the good fortune to study under that “most charming figure in early Indiana history,” Mrs. Dumont. After leaving school he became store keeper, farmer, circuit rider, surveyor, author, and editor.

Eggleston was editor of the New York Independent and Hearth and Home in 1870 and 1871. His famous novel, “The Hoosier Schoolmaster” appeared in 1871 and so great was its success that it was widely read on two continents. It was translated into the French, German and Danish languages. This production was soon followed by others, among them being “The Circuit Rider,” “The Hoosier Schoolboy,” “Roly,” “The Graysons,” and others.

Due to his quaint and vivid descriptions of our early life, Eggleston often has been called the “first of the Hoosiers.” He died on September 5, 1902.

OLD IDEA HELD TO A FALSE ONE

Secretary of National Canners Will Attack Opinion Canned Goods Are Unsafe

RESULT OF INVESTIGATION

(By United Press.)

Indianapolis, Ind., May 1.—Under the head, “Labels on the Industry,” Frank E. Gorrell, national secretary of the National Canners Association will fire a broadside at the idea that canned goods are unsafe, at the Indiana Canners convention May 18 to 19.

In the past few years the National Canners association at considerable expense has investigated every newspaper report in which the statement is made that a death or serious illness from ptomaine poisoning was due to eating canned goods. The fact that these investigations have not in a single instance developed a case where death could be definitely and positively traced to the eating of canned goods will be the gist of the Gorrell talk.

The Indiana Canners association is concerned with the fact that the public has overlooked foods of great value because they come packed in tin and are credited with being unsafe for that reason. The tin pack, according to the canners, is perfectly safe and is not a cause of the development of ptomaine poisoning.

DISCUSSION IS STILL RAMPANT

Feeling is High at Washington, Ind., Over Option Election as it Was Election Day.

CONTEST IS BEING WAGED

Official Count Showed a Tie and Wets Appealed the Case to the Circuit Court.

Washington, Ind., May 1.—Discussion as to whether this city shall be wet or dry as a result of the local option held March 29 was rampant again today. The feeling between the wets and dries has resumed the tension prevailing election day. The contest of the election has been appealed by the wets to circuit court and will be one of the first cases taken up.

The official count of the general election showed a tie, the dries having cast 1122 votes and the wets having cast the same number. Because of the wording of the ballot the wets claimed a victory and the saloons remained open.

The dries immediately filed a petition for a recount of the ballots by the county commissioners. On the recount the commissioners decided that the dries had won by a majority of nine votes. The commissioners then refused to renew the license of ten of the 11 saloon keepers and they were compelled to close their doors. The eleventh saloon is operating at the present time as its license does not expire until the middle of June.

The wets, however, have not given up the fight. They appealed the case in the circuit court. It is understood that the ballots will again be counted and a board will be appointed to do the counting. The board will consist of three members, the dries will appoint one member, the wets one and the judge will appoint the third. All of the ballots which were thrown out by the commissioners will have to be passed on again and it is possible that the question of illegal voting will come before the court, each side claiming to have found a number of cases of this kind.

The feeling between the two forces has been better and two fistie encounters have resulted from arguments on the question within the past two weeks.

For ten years he was in the livery business there, in 1885 moving to Kansas City. He was connected with the internal revenue service at Kansas City for more than twenty years. Surviving are the widow and two sons, Wilbur F., and Dr. Thomas E. Wyatt, and a brother, Oliver N. Wyatt of Garnett, Kansas.

MANY BISHOPS TO BE ELECTED

Quadrennial Session of Methodist General Conference Has Important Business

FIGURE ON PASSING NEW LAW

If This is Done a Negro Bishop Will be Named—Dr. Tipple Picked For One.

(By United Press.)

Saratoga, Springs, N. Y., May 1.—As the quadrennial session of the Methodist General Conference opened here today to continue through the month, interest became keen about who will be the bishop.

The conference will elect six, perhaps seven bishops, and perhaps more. If a new law is enacted permitting bishops for races, it is assumed a negro bishop will be chosen.

One of the clergymen who is expected to be elected a bishop is the Rev. Dr. Ezra S. Tipple, president of the Drew Theological Seminary, Madison, N. J. Dr. Tipple is chairman of one of the conference committees.

Perhaps the next most talked of man for bishop is the Rev. Thomas Nicholson, of New York, secretary of the Methodist Board of Education.

Dr. James Rosecoe Day, chancellor of Syracuse University, will attend. Dr. Day is the only living man in the history of Methodism ever elected to the bishopric who refused the honor.

Another candidate for bishop is the Rev. Dr. Franklin Hamilton, chancellor of the American Methodist University, at Washington, D. C. He is a brother of Bishop John W. Hamilton, of Boston.

The Rev. Dr. L. J. Birney, dean of the Boston Methodist School of Theology, is said to have his hat in the ring.

Dr. David R. Downey, book editor of the Methodist denomination just missed election at the Minneapolis convention.

Friends of the Rev. Dr. Allan McRossie, superintendent of the New York district, have episcopal aspirations for him.

There is some gossip that Professor F. Watson Hannan, of Drew Seminary, may receive a good vote. He was until a few years ago pastor of one of the largest churches in Brooklyn.

Many leading Methodists are of the opinion that some of the new bishops should be chosen among men who have "made good" only as pastors.

Among the pastors being advocated is the Rev. Dr. Andrew Gillies, pastor of Hennepin Avenue Church, Minneapolis. His salary is \$7,500—larger than that of any other pastor and as large as the bishops' salaries.

Other pastors who are possibilities are the Rev. Dr. Charles B. Mitchell, of St. James' Church, Chicago; the Rev. Dr. Matt S. Hughes, of Pasadena, Cal., a brother of Bishop Edwin F. Hughes, of San Francisco, and the Rev. Dr. Charles Wesley, of Germantown, Pa.

The Rev. Dr. Bertrand S. Tipple, pastor of the American Methodist Church in Rome, may be made bishop for Southern Europe. He is at present in this country. Dr. Ezra S. Tipple is his brother.

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenamelled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your

teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address: The Sentanel Remedies Company, 503 Union Central Building, Cincinnati, Ohio.

DAN CUPID WINS EASILY TODAY

Organs Playing Wedding Marches

Drown Roar of Cannon For

First Time in Long While.

ONE IS A NAVAL WEDDING

Has Hard Time Despite Fact That

It is Leap Year But Finally

Comes Into Own.

(BY DAN CUPID.)

Loveland, State of Bliss, May 1. —This is the first day for a long time that I haven't been deafened by the roar of those European battles. I've been planning for months to get enough organs booming wedding marches to drown the cannon; and today they're doing it.

I sort of concentrated on today; and I think I shot up about 20,000 gross of quivers on it. I didn't score that many hearts for today, but you must understand that with the cost of living so high, the average heart has grown very flinty.

I think I did pretty well, though, considering.

Miss Elliott, Miss du Pont, Miss Wood, Miss Walling and Miss Baker are the day's choicest trophies, though there are many others quite as charming and sweet, if not so well known, of course.

Now about the wedding today:

Perhaps the most romantic of them is the Walling-Spore wedding. These two children of the navy met just a year ago today at a dinner given by Lieut. Col. Lawrence H. Moses, at the Navy Yard.

As a good officer should, Lieut. Spore decided at once what to do, and did it. He is just back from a cruise in Southern waters on the Arkansas.

Miss Walling's attendants will be Miss Flora M. Spore, sister of Lieut. Spore and Miss Bernice Walling, only sister of Miss Walling.

The best man will be Ensign John L. Valden, U. S. N., and the ushers will be Lieutenant Charles J. Moore, U. S. N., and Ensigns Francis M. Mail, Jr., John F. Moloney, Donald F. Washburn, Albert R. Stephen and Swift Riche, all of the Arkansas. Also Assistant Surgeon Chalmer H. Weaver, U. S. N., and Lieutenant Cavalcanti, of the Brazilian navy.

The marriage of Miss Edith January Elliott, daughter of Mr. and Mrs. Howard Elliott, of Boston, to Edmund Pendleton Rogers of New York is of much interest in both east and west, as the Elliotts moved east not many years ago. The wedding will be celebrated in Emanuel church, Boston.

Mrs. Rogers's sister, Mrs. J. Griswold Webb, will be one of Miss Elliott's attendants. These will include her cousin, Miss Josephine January, of St. Louis; Miss Mary Sayles, of Providence, and three Boston girls, Miss Ellen W. Rollins, Miss Elizabeth M. Paine and Miss Frances L. Prescott. Her sister, Miss Janet Elliott, will be her maid of honor, and Herman L. Rogers will be his brother's best man.

Of course I have known about it since Christmas but general knowledge of the engagement of Miss Ellen Coleman du Pont, second daughter of Mr. and Mrs. T. Coleman du Pont of New York and Wilmington, to Mr. Hollyday Stone Meeds Wilmington, came as a surprise to society.

This marriage will be celebrated in Trinity church, Wilmington.

Mr. du Pont is well known throughout the United States and abroad. He is a member of the family that has been identified with the manufacture of powder for more than a century. He owns the Equitable Life Assurance Society. His daughter is one of the greatest of American heiresses and is very pretty.

Miss Renee de Pelleport du Pont, younger sister of the bride, will be her principal attendant. The others will be Miss Katherine Clark, of Northampton, Mass., fiancée of the bride's brother, Miss Frances Victor du Pont, and Misses Gita du Pont.

Mr. Meeds is connected with the

Diamond State Telephone Co., at Wilmington.

The marriage of Miss Elizabeth Brower Wood, daughter of Mr. and Mrs. Henry A. Wise Wood to Mr. John Cyrus Distler of Baltimore, will take place in the chantry of St. Thomas' church.

Miss Wood and the Marquis, de San Marzano of New York are great friends.

Miss Wood will have two chief attendants at her wedding. Misses Ruth Riker and Virginia Keys of New York and Miss Cabot Paine, of Boston, Mrs. Warner Dayton Orvis of New York and Misses Kate Hayes and Mildred Brewster, Charlotte Denison, of Baltimore, and Florence Lewis, of Paterson, N. J.

Miss Wood went to school in Italy, and while in Rome was presented to the Dowager Queen of Italy.

Last December Mr. Wood, who is well known as an inventor, resigned from the Navy Consulting Board because Secretary Daniels suppressed the report of the General Board. Since then he has given much of his time to furthering national preparedness.

RUNS INTO COLT AND IS INJURED

Charles Myers is Hurt While Riding

Motorcycle South of New Salem Sunday

SHAFT HITS HIM IN STOMACH

Charles Myers, 48 years old, employed by John Wright of near Gings was painfully injured Sunday afternoon a short distance south of New Salem, when thrown from his motorcycle after colliding with a colt driven by Andy Moore. Myers sustained a cut about six inches long on his head and was rendered unconscious for a time.

He was endeavoring to pass Mr. Moore, who was driving the colt to a cart. As the machine approached the colt suddenly jumped towards it and one of the shafts struck Myers in the pit of the stomach. Dr. Metcalf attended Myers and dressed his injuries. It required eight stitches to close the cut on his head. The motorcycle was badly damaged and Myers had to be assisted to his home.

On the basis of these reports, the teachers were to make suggestions for brightening up, to the city fathers.

GERMAN SCHEME IS NOT FAVORED HERE

Doubted if Clocks in This Country Could be Pushed up to Good Advantage.

GOES INTO EFFECT TODAY

(By United Press.)
Washington, May 1.—Whether the example of the German government, which set all the clocks in the Empire ahead one hour today, could be followed in this country to good advantage, is doubted.

It seems impossible that there can be harmony in time relations between nations when, as in the case of Germany, time after today will be measured by a new standard.

It is announced by the Bundesrath that the advancing of time one hour in Germany will result in a vast saving of money, not to speak of the health benefits that will accrue to the workers, who will go to bed an hour earlier than usual.

According to economists in this city, the action of the Bundesrath was primarily to conserve the nation's resources, two of which are fighting and fuel and both of which are admittedly growing more scarce. After May 1, under the new time standard, the nation will be just one hour ahead of the world. While workmen of other European nations and the United States are spending the hour between five and six, snoozing, those of Germany will be hard at work. At the close of their working day the Germans will have an extra hour for recreation.

TIGERS WIN TWICE

The Rushville Tigers won a double-header, defeating the Ramblers by a score of 9 to 3 and the Jersey City Stars 8 to 0. Pulliam pitched the first game for the Tigers and McCarty the second. Goodin caught both contests. The second game went five innings.

There are patterns that will appeal to you in every color and size to fit any room. You can save money by choosing now as prices are certain to advance still higher.

QUIT \$12,000 JOB TODAY

Says Position is Senseless Waste of Money.

(By United Press.)
New York, May 1.—Henry Bruere, known throughout the country for his efficiency work in municipal government, walked out of his office as Chamberlain of the City of New York and left a perfectly good \$12,000 a year job kicking around because he said the job was a senseless waste of money and he could not keep up the pretense.

Bruere said the work he did could be handled easily by other city officials who haven't any too much to do.

Bruere came from St. Charles Mo. He originated the Dayton plan of city managership as it is employed in that place, was at one time an executive of the International Harvester Company in Chicago and more recently did social service work in Boston. He has not announced his plans for the future.

VOTES OF WOMEN

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they have suffered from woman's ailments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.

True Secret of Keeping
Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and hollow of face."
"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'santel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

The Constipation Curse

Constipation - clogged bowels cause pain and sickness; 95 per cent of our ills, say the authorities. Santel Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any druggist. Physician's sample free, upon request, if you mention this advertisement. The Santel Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

Jump from Bed in Morning and Drink-Hot Water

Tells why everyone should drink
hot water each morning
before breakfast.

Why is man and woman, half the
time, feeling nervous, despondent,
worried; some days headachy, dull and
unstrung; some days really incapacitated
by illness.

If we all would practice inside-bath-
ing, what a gratifying change would
take place. Instead of thousands of
half-sick, anaemic-looking souls with
pasty, muddy complexions we should
see crowds of happy, healthy, rosy-
cheeked people everywhere. The reason
is that the human system does not
rid itself each day of all the waste
which it accumulates under our pres-
ent mode of living. For every ounce
of food and drink taken into the system
nearly an ounce of waste material
must be carried out, else it ferments
and forms ptomaine-like poisons which
are absorbed into the blood.

Just as necessary as it is to clean
the ashes from the furnace each day,
before the fire will burn bright and
hot, so we must each morning clear
the inside organs of the previous day's
accumulation of indigestible waste and
body toxins. Men and women, whether
sick or well, are advised to drink each
morning, before breakfast, a glass of
real hot water with a teaspoonful of
limestone phosphate in it, as a harm-
less means of washing out of the
stomach, liver, kidneys and bowels the
indigestible material, waste, sour bile
and toxins; thus cleansing, sweeten-
ing and purifying the entire alimen-
tary canal before putting more food
into the stomach.

Millions of people who had their turn
at constipation, bilious attacks, acid
stomach, nervous days and sleepless
nights have become real cranks about
the morning inside-bath. A quarter
pound of limestone phosphate will not
cost much at the drug store, but is
sufficient to demonstrate to anyone,
its cleansing, sweetening and freshen-
ing effect upon the system.

Our Greatest Menace.

The people of the United States
are facing the menace of war on
every hand, from every point of the
compass.

We are having diplomatic troubles
with England, and Canada (Eng-
land's possession) is to our north.
We are at the breaking point with
Germany to the east. Mexico is a
thorn in our flesh to the south, and
now comes Japan as a possible and
dangerous adversary to the west.

From every point of the compass!
And yet there is an even greater
menace to the future of our coun-
try right within the circle of the
compass itself—within our own bor-
ders and among our own people.

That menace is the hyphen
Englishmen, Frenchmen, Germans,
Austrians, Italians, Russians, Ser-
bians, men who sprang from every
nationality are forgetting their
American citizenship and violently
espousing the cause of one nation or
another in the unhappy strife which
is destroying our neighbors across
the water.

Men who came from other coun-
tries to escape oppression and
sought asylum in our land of free-
dom are denouncing our government
and our congress because we as a
nation do not champion the cause
of the particular country from
whence they came. This condition
is not confined to the people of any
one nationality. It exists wherever
a foreign tongue is spoken—mildly
in some instances, insanely rabid in
others.

A man is either loyal to this
country or he is not. If he enjoys
the blessings of American citizen-
ship and the protection of the
American flag the least he can do is
to respect his flag and his country
and demonstrate his loyalty by his
acts.

Carrying a hyphen around on one
shoulder and a chip on the other is
anything but an evidence of loyalty
to this country.

We are a nation made up of the
people of many tongues. The very
nature of this admixture of nation-
alities, collectively constituting a
great and rich and powerful nation,
becomes at once its greatest and
most serious menace.

A people may stand and flourish
only as they remain loyal one to the
other and all to a common flag. Di-
vided they become a mass of snar-
ling, bickering, fighting factions,
each bent upon the destruction or
elimination of the other.

And the hyphen is producing this
disastrous effect in America today.
But it is not yet too late to
pause and take stock of ourselves
and of the position in which we are
placing our common country—the
place we know as home, and which
feeds us, and clothes us, and pro-
vides us with the luxuries and
pleasures of life.

Let European monarchs and Eu-
ropean peoples fight their own bat-
tles.

Our business and our duty is to
consider only our own individual in-
terests, and those interests are the
interests of our country.

If the time should come when it
becomes imperative that the United
States should take up arms against
any foreign country, then we should
do so as American citizens, as a
united country, as a people who know
but one flag.

We know many Germans, and
Englishmen, and people of other na-
tionalities whom we respect and love
as brothers. They have adopted our
country as their own, have been tak-
en to our hearts, and made one of
us, and we want them to remain so.

But we want to see them Ameri-
cans, and not hyphens.

The fellow who is always criti-
cizing his own town is like the kid
who hankers for a chance to pull the
other kid's nose. He forgets that
the condition of the town is most
likely brought about by his own
shortcomings and those of others of
his kind. He only sees the delin-
quencies of others and forgets that
perchance his own may be even

words of caution from one who

Wear rubbers in damp weather;
keep your feet dry; drink plenty of

holic drinks.

If rheumatism gets you, or scia-

agony in just a few days by taking
one-half teaspoonful of Rheuma
once a day.

more glaring and destructive. He
weaves a halo around his precious
brow and bespatters that of his
neighbor with ooze and slime. He
sees evil where good exists, failure
where success is assured, and pov-
erty when prosperity is in the as-
cendant. If he, like the unruly kid,
wants to pull anybody's nose he
would confer a favor upon suffer-
ing humanity by tweaking the bump
on his own face. It needs it.

ASSIGNMENT OF BISHOPS WATCHED

Interest at Methodist Conference
Centers in Successor to Crans-
ton at Washington.

BISHOP WILSON IS FAVORED

(By United Press.)

Saratoga Springs, N. Y., May 2.
—Just where the bishops will be as-
signed for the next four years is a
subject of keen interest at the
quadrennial session of the Metho-
dist General Conference here today.

Interest centers about who will be
sent to Washington as successor to
Bishop Cranston. Washington and
New York are the most desired loca-
tions.

It is believed the Washington
"plum" will go either to Bishop Lu-
ther B. Wilson of New York, or
Bishop William Fraser McDowell of
Chicago.

Bishop Wilson, however, may be
returned to New York, where he has
accomplished so much for Metho-
dism, and Bishop McDowell may go
to Washington. Dr. McDowell is
vice-chancellor of the Methodist
University at the capital, and he is
a close friend of Bishop Cranston.

If Bishop Wilson is not returned
to New York, the next incumbent
likely will be Bishop McDowell or
Bishop Frank J. McConnell, now
resident in Denver. Dr. McConnell
was consecrated only four years
ago. Until then he was pastor of
New York Avenue Church, Brooklyn.

WERE TO ACT ON DURABLE ROADS

County Commissioners Had Before
Them Proposition of Picking
Two Out of Three

ONLY TWO CAN BE BUILT

Estimate on Rigsbee Road Was too
High and Preliminary Steps
Must be Taken Again

The county commissioners at a late hour this afternoon had not yet acted on the reports of the viewers for the three permanent highways in Rushville township, but it was expected that first street would be taken up before the meeting adjourned. It was certain that the commissioners would be in session again tomorrow. The viewers on all three of these roads—first street; the Frank Green, et al., highway and the Frank Capp, et al., road reported favorably, ordering brick for first street and concrete on the other two.

The action of the commissioners was looked upon with great interest. There is not enough money to build all of the roads, but there is enough to construct two of the roads and it is a question as to which ones it will be.

This was also the date set for receiving bids on the Albert Rigsbee road in Posey township. No bids were received and the road will have to be viewed again and bids readjusted. It is understood that the estimate on the road was too low. The road is about three miles long and is to be constructed of gravel. The petition asking for a road between Posey and Ripley townships was read and approved. This road is known as the Charles Winslow highway. Sam Young and Charles Owens were appointed viewers and Adolphus Cameron, county surveyor, engineer. The viewers are to report May 20.

IRISH REBELLION IS NOW HISTORY

English Troops Canvass Dublin Systematically Searching For
Arms and Ammunition

SUSPECTS ARE ARRESTED

By WILBUR S. FORREST
(V. T. Staff Correspondent.)
Dublin, May 1.—Irish rebels who were holding St. Stevens Green surrendered to the government forces last night. About 450 others entrenched in the central part of the city laid down their arms at the foot of Parnell monument.

Government forces now occupy Four Courts, the last portion of the downtown district to be surrendered by the rebels. The seven-day Irish rebellion passed into history today. Troops were making a systematic canvass of the city today searching every house for arms and ammunition and arresting suspects in houses where rebel uniforms are found.

Notice of the death on April 16, at Plymouth, Ind., of Elizabeth Stockman Snyder, who was born here September 15, 1854, has been received by relatives in Rushville. She was a cousin of Mrs. Theodore Friend and Mrs. Sarah Guffin and was related to the Casady family. Mrs. Snyder visited relatives here last fall. She is survived by the husband, a sister, half-brother and niece.

FINAL DAY IS THE BUSIEST

Treasurer Has \$32,031 in Taxes to
Collect Before Tonight

The final day of the spring tax paying season witnessed the busiest day of the entire period at the treasurer's office. A total of \$32,031 was to be collected today in order to clean up the duplicate. It was not expected that all of the tax would be paid but it was believed that the sum would come close to the estimate. The total collected Saturday was \$24,700. The office will stay open tonight until nine o'clock and all taxes unpaid at this time will go delinquent.

CARPENTER BOY LIKELY TO RECOVER

Although Badly Injured Alighting
From I. & C. Car, 16-Year-
Old Youth Will Get Well

"BEATING" HIS WAY HOME

Clarence Carpenter, the sixteen-years-old son of Mr. and Mrs. Ernest Carpenter, 919 North Sexton street, was badly cut and bruised about the head and shoulders Saturday night in a fall from an I. & C. car near the corner of Seventh and Jackson streets. The boy boarded the eleven o'clock west-bound car at the C. I. & W. crossing, getting on the "closed" side intending to "beat" his way to Sexton street, which stop is close to his home.

Young Carpenter mistook Jackson street for Sexton street and jumped from the fast moving car. He was thrown with such force that it was impossible to keep on his feet. The boy was rolled for some distance on the hard street. His screams attracted the attention of the neighbors and assistance was soon coming. It was found that his hands, head, face and neck were badly cut. One cut over his right eye required three stitches. Besides the cuts the boy is badly bruised, but it is not believed he is hurt internally and will recover unless unforeseen complications arise.

MRS. S. B. ANDERSON DIED THIS MORNING

Expires at Her Home South of the
City Today Following a Prolonged Illness

SEVEN CHILDREN SURVIVE

Mrs. Lola Anderson, 54 years old, wife of S. B. Anderson, a widely known and highly respected resident died this morning shortly after ten o'clock at her home south of the city, following a long illness from a complication of diseases. Mrs. Anderson had been in a serious condition for some time and while her death was expected it nevertheless came as a shock to a large circle of friends and relatives.

Mrs. Anderson is survived by her husband and seven children, Mrs. Alfred Senour, Samuel Anderson, the Misses Jessie and Mary and Esther, Robert and Lucien Anderson. She is survived by her mother, Mrs. S. A. Bartlett of Milroy and two sisters, Mrs. L. B. Miller of this city and Mrs. W. D. Root of Piqua, Ohio. The funeral arrangements have not been completed.

HOOSIERS TO GET ENOUGH ORATORY

Washington Advices Are That Watson and Taggart are Promised
Support for Campaign

BOTH IN WASHINGTON NOW

Opposing Candidates For Senator
Are Occupying Quarters on Same
Floor of Same Hotel

Washington correspondence to the Indianapolis Star today says that James E. Watson of this city and Senator Thomas Taggart, opposing candidates for the short term senatorship from Indiana, will draw down a good share of orators for the campaign.

The state of Indiana will be entertained this year with an oratorical campaign such as even that pivotal state has seldom witnessed, says the dispatch.

Leading speakers in the national arena who are allied with the opposing political parties are promising Senator Taggart and James E. Watson that they will "shell the woods" in Indiana when the time comes for the oratorical fireworks.

The fact that two United States senatorships are at stake and that the electoral vote of the state might turn the presidential balance will make Indiana a leading oratorical battle ground. The "big guns" of both parties will be turned loose in Hoosierdom.

Mr. Watson and Senator Taggart have both been given assurance of an abundance of help in Indiana. Taggart and Watson are occupying quarters for the present on the same floor of the Willard Hotel, Watson having room 907 and Taggart suite 901. Since Taggart returned from Indiana yesterday he has received voluntary offers from friends in both branches of Congress, who say they are anxious to take the stump for him.

This is the first visit Watson has made in Washington since his nomination for the senatorship.

Senator Warren G. Harding of Ohio, who will be temporary chairman and keynote orator of the Republican national convention; Senator William Alden Smith of Michigan are among those mentioned by Watson as prospective speakers in Indiana. Senator Townsend's appearance, however, will depend upon the condition of his wife's health, which at present is not satisfactory.

"Uncle Joe" Cannon, who has always proclaimed Watson as "his boy" will not be a figure on the stump in Indiana this year, as expected. He would dearly love to cover the state in a speaking campaign for Watson, but his age forbids. He will be 80 years old next Sunday.

This evening Watson and Representative Will R. Wood of Indiana were guests of "Uncle Joe" at luncheon at his home on N street.

Pittsburgh, May 1.—With authority to spend a million dollars, N. C. Chu and Gee Sing Sam, Hongkong brokers, arrived in Pittsburgh today to buy tools, hardware and builders' supplies for use in China. Because of the war, it is said, China has been unable to get needed steel goods delivered. It is believed one of the reasons for the mission of the Chinese is to secure contracts direct that will carry better delivery accommodations.

LOOKS LIKE MORE HARD WINTER YET

Just When May Comes in Seasonable
Weather Man Creates Gloom
With Prediction of Frost

MUCH LOWER TEMPERATURES

Fruit Crop Will Not be Damaged
Much, Because it is Late, Corn
Planting to be Started

It looks today like May will be another hard winter month. The month of flowers had no more than a very seasonable entrance until the weather man spoiled prospects of some balmy spring days with a prediction of a big drop in temperature and severe frosts tonight. He does not lessen the gloom any either, when he says "fair tomorrow and continued cold."

Just what a hard frost will do with spring vegetation as far along as it is was said today to be very problematical. Fruit growers were not figuring on any more frost this year. Had a frost come as late as May 1 last year, the fruit crop would have been materially lessened, but it is doubtful whether great damage will be done now because the crop is so late.

Thanks to cool weather prevailing during the month of April, the fruit trees have been late in blossoming this year. The same thing is true of the flowers. May flowers will come in May this year and not in April as last.

There was prospect today of some corn being planted this week, providing there is not too much rain. This time last year some corn had been in the ground a month, but last year a very unusual condition prevailed because of the warm weather the latter part of March and in April, Spring plowing has been delayed by the excessive rainfall of the month just closed and many farmers are not yet ready to plant corn. Lots of corn will not be planted before the middle of the month, it is said.

Some farmers estimate that the wheat acreage will be smaller this year. They attribute this to the fact that much of the corn blew down last fall and farmers could not get into the fields to sow.

The poor germinating qualities of the oats last season is one reason for a possible shortage this year. During threshing season last year an overabundance of rainfall caused much of it to sprout in the shock. Some farmers are afraid to plant oats and are planting corn instead.

Pasturage is very late in all parts of the county, due to the cold and rainy weather of April. Old clover fields and alfalfa have been injured by the frosts. In some places it is feared the clover will not take root again.

BAD DEEDS GIVEN

Kokomo, Ind., May 1.—The trial of George Dison and James F. Kepler charged with obtaining money under false pretenses was on the criminal docket for today. They are alleged to have defrauded Thomas Malaby out of several hundred dollars by giving him a spurious deed for lands in the west for a stock of merchandise in this city.

CHEAPER TO PAY RENT

St. Paul, Minn., May 1.—It's going to be cheaper to pay rent than to move, in St. Paul, after today. Transfer men materially raised the transfer rates on all subjects. It's "on account of the war," they say. Harness and other equipment has been advanced in price by the war, say the transfer men.

A SIGNIFICANT REMARK

Germany's Reply Will Probably be
Handed to Gerard Tuesday.

(By United Press.)
Washington, May 1.—German's reply to the American submarine note probably will be handed to Ambassador Gerard tomorrow evening, according to opinions expressed at the German embassy today. It is believed the note will deal only with the principle involved in the discussion and that the specific cases in which the right of Americans were involved will be left for future settlement. Once the matter of submarine conduct is settled, the question of disavowal and reparation to be made for the loss of American life and property can be easily arranged, embassy officials believe.

MAY TERM COURT IS OPENED TODAY

Judge Calls Docket And Time is
Taken up Making Issues in
Several Cases

JURY CALLED FOR TOMORROW

The May term of the circuit court opened today. Judge Sparks called the docket and most of the day was taken up with argument and making up of the issues in several cases.

Most of the day was taken up with an argument on a demurrer to the complaint in the suit asking for the removal of Oscar Stewart as administrator of the estate of the late Riley Stewart. It was contended that Oscar Stewart could not act as administrator because he is the administrator of the estate of his mother and has an interest in both estates. Judge Sparks took the questions involved under advisement.

In the case of Arsula Curry against Walter E. Smith for money had and received, the plaintiff filed a motion for a change of venue from the county. No action was taken on the motion. The jury is called for tomorrow, but will not likely be needed.

James Miller was re-elected attendance office this afternoon by the county board of education. Mr. Miller had no opposition and his election was forecasted last week. No date was named for the annual educational day exercises. This was left with a committee composed of J. V. Young, H. M. Nash and C. M. George with power to act.

It was also decided that suitable medals will be awarded pupils with perfect school attendance records. It is not yet known whether there are any pupils with a perfect record.

Mrs. Mary A. Schropshire, who has been ill for some time, is not so well today.

A marriage license was issued Saturday afternoon to Chase S. Boyd and Laura B. Honechins.

WILSON NOT TO WITHDRAW MEN

Definitely Announced at Washington
That Troops Will Remain in
Mexico For Present.

FOLLOWS MANY CONFERENCES

Instructions Emphasize Previous Instructions Not to Treat on Subject of Withdrawal.

(By United Press.)

Washington, May 1.—The administration does not intend to heed General Obregon's suggestion for withdrawing American troops from Mexico. This was learned definitely here this afternoon.

New and more elaborate instructions than heretofore given went forward to General Scott, following a conference between President Wilson and Secretary of War Baker and another session between Secretary of State Lansing, Counselor Polk and Secretary Baker. The instructions are understood to have emphasized previous orders to Scott not to treat on the subject of withdrawal. Scott will again emphasize the need for cooperation.

It was officially stated that the troops are not now to be withdrawn. This means that the government is determined to pursue its plans for breaking up Villa's band.

Baker called at the white house following receipt of a message from General Scott asking instructions as to how far he could go in his next talk with Obregon. Secretary Baker received his instructions from the president quickly. They were not in conference more than ten minutes.

El Paso, Texas, May 1.—General Funston stated shortly before noon today that there probably would be no session of the Mexican and United States conferees today.

Funston dropped a significant remark when told that three correspondents returned from the front today under the impression there would be no more big stories. "I think they are mistaken," said Funston.

MAKING OPPORTUNITIES

Opportunities come to those who make them.

This is especially true in business and a mighty good thought for today.

We are now in an era of expansion.

Factories are driving hard. Labor is in demand. Incomes are rising.

Today holds the opportunity of a life-time for the man who will make it.

Particularly does this go for the man with something to sell.

People are in a buying mood. Business is ripe. The man who sees this is going after it.

He is advertising, as the columns of this newspaper will show, and he is getting results.

WITHDRAWS ART COLLECTION

Morgan Takes Valuable Miniatures
From the Metropolitan Museum of Art Today.

BEEN THERE FOR TWO YEARS

Fearful That Continual Light Will
Hurt the Colors—Gathered From
All Over the World.

(By United Press.)

New York, May 1.—The \$2,000,000 Morgan collection of miniatures is to be withdrawn from the Metropolitan Museum of Art today. It has been on exhibition for the last two years.

It is a representative collection, containing, with only a few exceptions of the work of the best miniature painters from the time the work became a method of independent portraiture down to the middle of the last century.

It has been for some time feared by Mr. Morgan that too long a continuous exposure to the light would result in deterioration of the colors of the miniatures.

The collection dates back to the 15th century and was gathered together by the late J. Pierpont Morgan, over a period of many years, during which he ransacked the world for the little treasures.

A miniature of Mary Queen of Scots is by an unknown artist, painted when the Queen was 23. It is in the original frame of carved oak with the "C. R." of Charles II to whom it at one time belonged. There is a miniature of Philip II of Spain, by Isaac Oliver, in a rock crystal locket, enameled on both sides, and among other portraits by the same artist is one of Queen Anne of Denmark, one of Sir Philip Sidney, and there are five miniatures of Robert

Devereux, Earl of Essex, one of the later favorites of Queen Elizabeth, Peter Oliver, son and pupil of Isaac, is represented in the collection with a reproduction of the "Marriage of St. Catherine," supposed to be one of the copies of pictures in the royal collection at Whitehall, which he reproduced in miniature by order of Charles I.

Director Edward Robinson signed the statement issued from the museum announcing the withdrawal of the miniatures.

CHARLES J. MURPHY STEPS DOWN TODAY

Edwin Corr. Who Sought Judgeship
Nomination in Convention,
Goes to State Commission

ISAAC K. PARKS REFUSES

(By United Press.)

Indianapolis, May 1.—Charles J. Murphy retired today as a member of the state public service commission. Murphy resigned at the request of Governor Ralston after the latter had been told that charges of improper conduct would be filed against the commissioner.

Coincident with the resignation of Murphy Governor Ralston announced the appointment of Anthony Deahl of Goshen, a lawyer, to fill the vacancy. Although the governor stated he had received from Deahl a verbal acceptance of the appointment word came from Goshen within a few days that Deahl would not accept, owing to a desire to continue his law practice and because of ill health in his family.

Closely following this word from Goshen, Isaac K. Parks of Mishawaka became active, seeking appointment to the commission.

Edwin Corr, Bloomington lawyer, took up the duties of commissioner where Murphy left them, having been appointed by Governor Ralston when the latter received definite word from Anthony Deahl that he would not accept the appointment.

REAL ESTATE SALE CITY RESIDENCE 388.58 ACRES

The undersigned commissioners appointed in an action for partition of the real estate of Daniel Brown, late of Rush County, Indiana, deceased, wherein Dean Travis is plaintiff and John M. Brown et al are defendants, to sell the real estate described in the complaint in said cause filed in the Rush Circuit Court, will on

Saturday, June 3d, 1916

at one o'clock p. m. of said day and from day to day thereafter until sold, offer for sale to the highest and best bidder, the following described real estate in said county of Rush, State of Indiana, to-wit:

The southwest quarter of Section 10; also the south half of the northwest quarter of said Section 10; also the southeast quarter of said Section 10, except the following tract: beginning at the northwest corner of the said southeast quarter of said Section 10, thence south 25 poles, thence east 160 poles to the east line of said Section, thence north 25 poles to the northeast corner of said quarter, thence west on the north line of said quarter to the place of beginning; all of said real estate being in Township 13 north, Range 9 east and containing 388.58 acres. Also Lot No. 276 in Payne, Reeve and Allen as trustees addition to the city of Rushville.

At the law office of Sam. L. Trabue, Rushville, Ind.

This real estate consists of residence property at 820 W. Eighth St., Rushville, Indiana, and 388.58 acres of exceptionally good, level, agricultural land, sufficiently undulating for excellent drainage, which is provided by two large tile drains crossing each tract, and sufficient laterals. It is equipped with two complete sets of farm buildings, is well fenced and is supplied with excellent water by three deep water wells. This is burr oak, poplar and sugar tree land, and is very productive of all kinds of grains and grasses. It is all under a high state of cultivation except about 35 acres of woodland, part of which is on each tract and part of which is well set in blue-grass. By judicious crop rotation, clover growing and fertilization this land has retained a very high degree of fertility, as is evidenced by the fact that administrator's sale amounted to \$15,500.00 in addition to grain feed and a \$2,500.00 wheat crop. No open drains. No waste land whatever. This land is located 4½ miles southwest of Rushville on first class highway, in active producing natural gas belt, convenient to church and schools and near a high tension electric supply line from which power and light may be obtained. Community highly intellectual and progressive. Will be sold in tracts ranging from 81 acres to 140 acres or all together.

TERMS—One-third cash, one-third in 12 months and one-third in 18 months with option of paying all cash. Deferred payments to be evidenced by purchasers note bearing 6 per cent per annum interest from date and secured by first mortgage upon the real estate sold.

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

Clean-up Week.

Today Clean-up Week got started. It is no new thing with Rushville. Although it has ceased to be a novelty, Rushville still takes pride in scrubbing and cleaning up, and occasionally spreads a little paint here and there. The annual clean-up takes place without the usual "hip, hip hurrah" that accompanies the special occasion in many other places, but it is doubtful if any place does the job any more thoroughly than does Rushville.

This city has been holding its annual clean-ups for ten years and never once has the interest lagged. The city has always co-operated with the people by hauling away free of charge the accumulation of the winter. One very praiseworthy feature started by the present city administration is the sanitary inspection by the city health board after clean-up week to make sure that the edict has been followed. The follow-up of the health officers makes it certain that the clean-up with not be any mock affair.

This leads to the thought that health first is the thought embodied in the spring custom that is followed in the majority of Indiana cities. This thought that is uppermost in a creed for Clean-Up workers which has been written by Dr. William DeKleine:

I believe in the doctrine of "Health First," in the doctrine that health is fundamental to the attainment of the highest personal and social freedom. Hence I believe in health laws and in all agencies that work for the promotion of public health. I believe that every individual should look upon the conservation of his own health and of his neighbor's health as a sacred moral duty, that every community should look upon the presentation of public health as one of the main functions of its corporate life.

I believe in a clean city, a clean community. I believe in clean streets, clean alleys, clean premises, safe sewage disposal systems. I believe in clean stores, clean markets, clean factories, clean offices.

I believe in pure air, day and night. I believe in deep breathing in the open air. I believe in sleeping seven or eight hours every night with windows wide open, winter and summer.

I believe in clean food, clean milk, clean water. I believe in eating slowly and moderately. I believe that milk and water are the only beverages that are useful in the preservation of my health.

I believe in bathing frequently and in always washing my hands before meals. I believe in clean clothing, clean bodies, clean surroundings, cleanly personal habits.

I believe in daily bodily exercise and in daily mental recreation.

I believe in the home as the place where the principles of "Health First" can most effectively be taught. I believe in cleanly fathers and mothers, in cleanly children. I believe in clean thoughts, in wholesome home enjoyments, and in everything that tends to make the home a unifying force for health and happiness.

I believe in the doctrine of "Health First" because I believe it will tend to promote the uplift and betterment of the race.

And Villa grins!

But don't forget your screens.

The Stars and Stripes—salute!

Laugh today, and tomorrow you may forget your grouches.

SWISS SYSTEM IS PRACTICAL

Idea is to Train Men How to Fight

If Needs be But Nation is

NOT SOLDIERS IN PEACE TIME

Some Things About it That Americans Would Not Like—Boys Get Real Military Training.

Note—This is the first of a series of five articles by Shepherd dealing with the Swiss system of military training for citizens in its relation to the possibilities of a similar system in the United States.

BY WILLIAM G. SHEPHERD.

(U. P. Staff Correspondent)

Berne, May 1.—The men of Switzerland aren't soldiers, in peace times.

They are only citizens who know how to be soldiers if they have to.

The United States doesn't need 4,000,000 soldiers. What it DOES need is 4,000,000 men who know how to BE soldiers, in case the need arises.

"I had a boy in college" wrote the father of a young British soldier. "One day he ran off and enlisted in a London foot regiment. After three months' training his regiment was sent to Flanders. He was killed at Ypres. I am telling you this to help you preach the gospel of compulsory training, not conscription."

"I am grieved and proud about my boy. But I feel that his regiment did not have a sporting chance. They only knew how to go and die. I feel that the men in England who oppose compulsory military training are guilty of a greater felony than those who sank the Lusitania."

This is the sort of feeling I find, this feeling expressed by his father, that brought about compulsory military training in Switzerland.

Here in Switzerland where, under the marvelous system of military training, a faith of a million of the finest soldiers in Europe were placed on the frontiers of their country to guard them before the first shots at Liege had died down, you get it driven into your American mind that compulsory military training isn't intended to create soldiers. Its purpose is to create a nation of fine, strong young men and hale, hearty old men who will know how to BE soldiers if an enemy forces them to play that role.

The Swiss aren't fussy, they don't love fighting. All these years of learning how to be soldiers, if the need comes, has taught them that fighting is no picnic and that it doesn't pay to start a row just for the sake of rowing.

The Swiss are not a fighting nation, like the Serbs, for instance and yet, man for man, the Swiss army is the equal of any army in the world. Every citizen in the ever-fighting Balkans is a soldier; a potential killer. That's one of the troubles with the Balkans. But every citizen of Switzerland, because of his scientific training, is a citizen who'll be a soldier ONLY when some enemy drives him to play that role.

That's the big reason Switzerland is at peace today.

It would cause an upheaval in the United States to put the Swiss military system into effect there. In fact we couldn't transplant it in its entirety.

There are some things about it that Americans wouldn't like. One of them is the little blue book.

OLD IDEA HELD TO A FALSE ONE

Secretary of National Canners Will

Attack Opinion Canned Goods

Are Unsafe

RESULT OF INVESTIGATION

(By United Press.)

Indianapolis, Ind., May 1.—Under the head, "Labels on the Industry," Frank E. Gorrell, national secretary of the National Canners Association will fire a broadside at the idea that canned goods are unsafe, at the Indiana Canners convention May 18 to 19.

In the past few years the National Canners association at considerable expense has investigated every newspaper report in which the statement is made that a death or serious illness from ptomaine poisoning was due to eating canned goods. The fact that these investigations have not in a single instance developed a case where death could be definitely and positively traced to the eating of canned goods will be the gist of the Gorrell talk.

The Indiana Canners association is concerned with the fact that the public has overlooked foods of great value because they come packed in tin and are credited with being unsafe for that reason. The tin pack, according to the canners, is perfectly safe and is not a cause of the development of ptomaine poisoning.

DISCUSSION IS STILL RAMPANT

Feeling is High at Washington, Ind., Over Option Election as it Was Election Day.

CONTEST IS BEING WAGED

Official Count Showed a Tie and Wets Appealed the Case to the Circuit Court.

Washington, Ind., May 1.—Discussion as to whether this city shall be wet or dry as a result of the local option held March 29 was rampant again today. The feeling between the wets and dries has resumed the tension prevailing election day. The contest of the election has been appealed by the wets to circuit court and will be one of the first cases taken up.

The official count of the general election showed a tie, the dries having cast 1122 votes and the wets having cast the same number. Because of the wording of the ballot the wets claimed a victory and the saloons remained open.

The dries immediately filed a petition for a recount of the ballots by the county commissioners. On the recount the commissioners decided that the dries had won by a majority of nine votes. The commissioners then refused to renew the license of ten of the 11 saloon keepers and they were compelled to close their doors. The eleventh saloon is operating at the present time as its license does not expire until the middle of June.

The wets, however, have not given up the fight. They appealed the case in the circuit court. It is understood that the ballots will again be counted and a board will be appointed to do the counting. The board will consist of three members, the dries will appoint one member, the wets one and the judge will appoint the third. All of the ballots which were thrown out by the commissioners will have to be passed on again and it is possible that the question of illegal voting will come before the court, each side claiming to have found a number of cases of this kind.

The feeling between the two forces has been better and two fistie encounters have resulted from arguments on the question within the past two weeks.

MANY BISHOPS TO BE ELECTED

Quadrennial Session of Methodist General Conference Has Important Business

FIGURE ON PASSING NEW LAW

If This is Done a Negro Bishop Will be Named—Dr. Tipple Picked For One.

(By United Press.)

Saratoga, Springs, N. Y., May 1.—As the quadrennial session of the Methodist General Conference opened here today to continue through the month, interest became keen about who will be the bishop.

The conference will elect six, perhaps seven bishops, and perhaps more. If a new law is enacted permitting bishops for races, it is assumed a negro bishop will be chosen. One of the clergymen who is expected to be elected a bishop is the Rev. Dr. Ezra S. Tipple, president of the Drew Theological Seminary, Madison, N. J. Dr. Tipple is chairman of one of the conference committees.

Perhaps the next most talked of man for bishop is the Rev. Thomas Nicholson, of New York, secretary of the Methodist Board of Education.

Dr. James Rosecoe Day, chancellor of Syracuse University, will attend. Dr. Day is the only living man in the history of Methodism ever elected to the bishopric who refused the honor.

Another candidate for bishop is the Rev. Dr. Franklin Hamilton, chancellor of the American Methodist University, at Washington, D. C. He is a brother of Bishop John W. Hamilton, of Boston.

The Rev. Dr. L. J. Birney, dean of the Boston Methodist School of Theology, is said to have his hat in the ring.

Dr. David R. Downey, book editor of the Methodist denomination just missed election at the Minneapolis convention.

Friends of the Rev. Dr. Allan McRossie, superintendent of the New York district, have episcopal aspirations for him.

There is some gossip that Professor F. Watson Hannan, of Drew Seminary, may receive a good vote. He was until a few years ago pastor of one of the largest churches in Brooklyn.

Many leading Methodists are of the opinion that some of the new bishops should be chosen among men who have "made good" only as pastors.

Among the pastors being advocated is the Rev. Dr. Andrew Gillies, pastor of Hennepin Avenue Church, Minneapolis. His salary is \$7,500—larger than that of any other pastor and as large as the bishops' salaries.

Other pastors who are possibilities are the Rev. Dr. Charles B. Mitchell, of St. James' Church, Chicago; the Rev. Dr. Matt S. Hughes, of Pasadena, Cal., a brother of Bishop Edwin F. Hughes, of San Francisco, and the Rev. Dr. Charles Wesley, of Germantown, Pa.

The Rev. Dr. Bertrand S. Tipple, pastor of the American Methodist Church in Rome, may be made bishop for Southern Europe. He is at present in this country. Dr. Ezra S. Tipple is his brother.

Heart disease is thought to have been the cause of his death. He was sixty-five years old.

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unprotected surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession, and that gum recession is caused by pyorrhea.

DAN CUPID WINS EASILY TODAY

Organs Playing Wedding Marches Drown Roar of Cannon For First Time in Long While.

ONE IS A NAVAL WEDDING

Has Hard Time Despite Fact That It Is Leap Year But Finally Comes Into Own.

(BY DAN CUPID.)

Loveland, State of Bliss, May 1. —This is the first day for a long time that I haven't been deafened by the roar of those European battles. I've been planning for months to get enough organs booming wedding marches to drown the cannon; and today they're doing it.

I sort of concentrated on today; and I think I shot up about 20,000 gross of quivers on it. I didn't score that many hearts for today, but you must understand that with the cost of living so high, the average heart has grown very flinty.

I think I did pretty well, though, considering.

Miss Elliott, Miss du Pont, Miss Wood, Miss Walling and Miss Baker are the day's choicest trophies, though there are many others quite as charming and sweet, if not so well known, of course.

Now about the wedding today:

Perhaps the most romantic of them is the Walling-Spore wedding. These two children of the navy met just a year ago today at a dinner given by Lieut. Col. Lawrence H. Moses, at the Navy Yard.

As a good officer should, Lieut. Spore decided at once what to do, and did it. He is just back from a cruise in Southern waters on the Arkansas.

Miss Walling's attendants will be Miss Flora M. Spore, sister of Lieut. Spore and Miss Bernice Walling, only sister of Miss Walling.

The best man will be Ensign John L. Valden, U. S. N., and the ushers will be Lieutenant Charles J. Moore, U. S. N., and Ensigns Francis M. Mail, Jr., John F. Moloney, Donald F. Washburn, Albert R. Stephen and Swift Riche, all of the Arkansas. Also Assistant Surgeon Chalmer H. Weaver, U. S. N., and Lieutenant Cavalcanti, of the Brazilian navy.

The marriage of Miss Edith January Elliott, daughter of Mr. and Mrs. Howard Elliott, of Boston, to Edmund Pendleton Rogers of New York is of much interest in both east and west, as the Elliotts moved east not many years ago. The wedding will be celebrated in Emanuel church, Boston.

Mrs. Rogers's sister, Mrs. J. Griswold Webb, will be one of Miss Elliott's attendants. These will include her cousin, Miss Josephine January, of St. Louis; Miss Mary Sayles, of Providence, and three Boston girls, Miss Ellen W. Rollins, Miss Elizabeth M. Paine and Miss Frances L. Prescott. Her sister, Miss Janet Elliott, will be her maid of honor, and Herman L. Rogers will be his brother's best man.

Of course I have known about it since Christmas but general knowledge of the engagement of Miss Ellen Coleman du Pont, second daughter of Mr. and Mrs. T. Coleman du Pont of New York and Wilmington, to Mr. Hollyday Stone Meeds Wilmington, came as a surprise to society.

This marriage will be celebrated in Trinity church, Wilmington.

Mr. du Pont is well known throughout the United States and abroad. He is a member of the family that has been identified with the manufacture of powder for more than a century. He owns the Equitable Life Assurance Society. His daughter is one of the greatest of American heiresses and is very pretty.

Miss Renee de Pelleport du Pont, younger sister of the bride, will be her principal attendant. The others will be Miss Katherine Clark, of Northampton, Mass., fiancée of the bride's brother, Miss Frances Victor du Pont, and Misses Gita du Pont. Mr. Meeds is connected with the

Diamond State Telephone Co., at Wilmington.

The marriage of Miss Elizabeth Brower Wood, daughter of Mr. and Mrs. Henry A. Wise Wood to Mr. John Cyrus Distler of Baltimore, will take place in the chantry of St. Thomas' church.

Miss Wood and the Marquis, de San Marzano of New York are great friends.

Miss Wood will have two chief attendants at her wedding. Misses Ruth Riker and Virginia Keys of New York and Miss Cabot Paine, of Boston, Mrs. Warner Dayton Orvis of New York and Misses Kate Hayes and Mildred Brewster, Charlotte Denison, of Baltimore, and Florence Lewis, of Paterson, N. J.

Miss Wood went to school in Italy, and while in Rome was presented to the Dowager Queen of Italy.

Last December Mr. Wood, who is well known as an inventor, resigned from the Navy Consulting Board because Secretary Daniels suppressed the report of the General Board. Since then he has given much of his time to furthering national preparedness.

RUNS INTO COLT AND IS INJURED

Charles Myers is Hurt While Riding Motorcycle South of New Salem Sunday

SHAFT HITS HIM IN STOMACH

Charles Myers, 48 years old, employed by John Wright of near Gings was painfully injured Sunday afternoon a short distance south of New Salem, when thrown from his motorcycle after colliding with a colt driven by Andy Moore. Myers sustained a cut about six inches long on his head and was rendered unconscious for a time.

He was endeavoring to pass Mr. Moore, who was driving the colt to a cart. As the machine approached the colt suddenly jumped towards it and one of the shafts struck Myers in the pit of the stomach. Dr. Metcalf attended Myers and dressed his injuries. It required eight stitches to close the cut on his head. The motorcycle was badly damaged and Myers had to be assisted to his home.

CLEAN-UP IN PITTSBURGH

Boys and Girls Assist City in Cleaning Streets.

(By United Press.)

Pittsburgh, May 1.—Paint-Up and Clean-Up Week in Pittsburgh was inaugurated in the schools today when 125,000 boy and girl police reported to their teachers on the condition of streets.

On the basis of these reports, the teachers were to make suggestions for brightening up, to the city fathers.

Boy Scouts, Boy Brigades, Campfire Girls, the women's clubs and civic bodies of every kind were engaged in cleaning and painting.

The Congress of Women's clubs of Western Pennsylvania on Saturday last adopted resolutions of co-operation in the movement.

GERMAN SCHEME IS NOT FAVORED HERE

Doubted if Clocks in This Country Could be Pushed up to Good Advantage.

GOES INTO EFFECT TODAY

(By United Press.)

Washington, May 1.—Whether the example of the German government, which set all the clocks in the Empire ahead one hour today, could be followed in this country to good advantage, is doubted.

It seems impossible that there can be harmony in time relations between nations when, as in the case of Germany, time after today will be measured by a new standard.

It is announced by the Bundesrat that the advancing of time one hour in Germany will result in a vast saving of money, not to speak of the health benefits that will accrue to the workers, who will go to bed an hour earlier than usual.

According to economists in this city, the action of the Bundesrat was primarily to conserve the nation's resources, two of which are lighting and fuel and both of which are admittedly growing more scarce. After May 1, under the new time standard, the nation will be just one hour ahead of the world. While workmen of other European nations and the United States are spending the hour between five and six, snoozing, those of Germany will be hard at work. At the close of their working day the Germans will have an extra hour for recreation.

TIGERS WIN TWICE

The Rushville Tigers won a double-header, defeating the Ramblers by a score of 9 to 3 and the Jersey City Stars 8 to 0. Pulliam pitched the first game for the Tigers and McCarty the second. Goodin caught both contests. The second game went five innings.

Why Should You Choose Your New Rugs and Draperies Now?

There are patterns that will appeal to you in every color and size to fit any room. You can save money by choosing now as prices are certain to advance still higher.

QUITS \$12,000 JOB TODAY

Says Position is Senseless Waste of Money.

(By United Press.)

New York, May 1.—Henry Bruere, known throughout the country for his efficiency work in municipal government, walked out of his office as Chamberlain of the City of New York and left a perfectly good \$12,000 a year job kicking around because he said the job was a senseless waste of money and he could not keep up the pretense.

Bruere said the work he did could be handled easily by other city officials who haven't any too much to do.

Bruere came from St. Charles, Mo. He originated the Dayton plan of city managership as it is employed in that place, was at one time an executive of the International Harvester Company in Chicago and more recently did social service work in Boston. He has not announced his plans for the future.

VOTES OF WOMEN

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they have suffered from woman's ailments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these, poisons, waste products remain in the system, polluting the blood and lodging in various organs, sinuses, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'santonal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the related intestinal wall. Santonal tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried, some days headachy, full and anstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

Our Greatest Menace.

The people of the United States are facing the menace of war on every hand, from every point of the compass.

We are having diplomatic troubles with England, and Canada (England's possession) is to our north. We are at the breaking point with Germany to the east. Mexico is a thorn in our flesh to the south, and now comes Japan as a possible and dangerous adversary to the west.

From every point of the compass! And yet there is an even greater menace to the future of our country right within the circle of the compass itself—within our own borders and among our own people.

That menace is the hyphen.

Englishmen, Frenchmen, Germans, Austrians, Italians, Russians, Serbians, men who sprang from every nationality, are forgetting their American citizenship and violently espousing the cause of one nation or another in the unhappy strife which is destroying our neighbors across the water.

Men who came from other countries to escape oppression and sought asylum in our land of freedom are denouncing our government and our congress because we as a nation do not champion the cause of the particular country from whence they came. This condition is not confined to the people of any one nationality. It exists wherever a foreign tongue is spoken—mildly in some instances, insanely rabid in others.

A man is either loyal to this country or he is not. If he enjoys the blessings of American citizenship and the protection of the American flag the least he can do is to respect his flag and his country and demonstrate his loyalty by his acts.

Carrying a hyphen around on one shoulder and a chip on the other is anything but an evidence of loyalty to this country.

We are a nation made up of the people of many tongues. The very nature of this admixture of nationalities, collectively constituting a great and rich and powerful nation, becomes at once its greatest and most serious menace.

A people may stand and flourish only as they remain loyal one to the other and all to a common flag. Divided they become a mass of snarling, bickering, fighting factions, each bent upon the destruction or elimination of the other.

And the hyphen is producing this disastrous effect in America today.

But it is not yet too late to pause and take stock of ourselves and of the position in which we are placing our common country—the place we know as home, and which feeds us, and clothes us, and provides us with the luxuries and pleasures of life.

Let European monarchs and European peoples fight their own battles.

Our business and our duty is to consider only our own individual interests, and those interests are the interests of our country.

If the time should come when it becomes imperative that the United States should take up arms against any foreign country, then we should do so as American citizens, as a united country, as a people who know but one flag.

We know many Germans, and Englishmen, and people of other nationalities whom we respect and love as brothers. They have adopted our country as their own, have been taken to our hearts, and made one of us, and we want them to remain so.

But we want to see them Americans, and not hyphens.

The fellow who is always criticizing his own town is like the kid who hankers for a chance to pull the other kid's nose. He forgets that the condition of the town is most likely brought about by his own shortcomings and those of others of his kind. He only sees the delinquencies of others and forgets that

MORE RHEUMATISM THAN EVER BEFORE

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken

Our old friend Rheumatism is having his fitting this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather; keep your feet dry; drink plenty of lemonade, and avoid strong alcoholic drinks.

If rheumatism gets you, or sciatica, and you have sharp twinges, gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists known about Rheuma; it's harmless, yet powerful; cheap, yet sure, and a 50-cent bottle will last a long time. Ask Johnson or any druggist.

more glaring and destructive. He weaves a halo around his precious brow and bespatters that of his neighbor with ooz and slime. He sees evil where good exists, failure where success is assured, and poverty when prosperity is in the ascendant. If he, like the unruly kid, wants to pull anybody's nose he would confer a favor upon suffering humanity by tweaking the bump on his own face. It needs it.

ASSIGNMENT OF BISHOPS WATCHED

Interest at Methodist Conference
Centers in Successor to Cran-
ston at Washington.

BISHOP WILSON IS FAVORED

(By United Press.)

Saratoga Springs, N. Y., May 2.—Just where the bishops will be assigned for the next four years is a subject of keen interest at the quadrennial session of the Methodist General Conference here today.

Interest centers about who will be sent to Washington as successor to Bishop Cranston. Washington and New York are the most desired locations.

It is believed the Washington "plum" will go either to Bishop Luther B. Wilson of New York, or Bishop William Fraser McDowell of Chicago.

Bishop Wilson, however, may be returned to New York, where he has accomplished so much for Methodism, and Bishop McDowell may go to Washington. Dr. McDowell is vice-chancellor of the Methodist University at the capital, and he is a close friend of Bishop Cranston.

If Bishop Wilson is not returned to New York, the next incumbent likely will be Bishop McDowell or Bishop Frank J. McConnell, now resident in Denver. Dr. McConnell was consecrated only four years ago. Until then he was pastor of New York Avenue Church, Brooklyn.
